

CTS Container & Trailer Services Ltd.

ISO Containers –Repairs & Testing

Located within the multifunctional Burnside Industrial Park in Dartmouth, Nova Scotia, just a short drive from one of the busiest deep water ports in the world, CTS is ideally situated to supply and service your ISO Container requirements.

From our 18,000 square feet workshop we can accommodate any size of container and our skilled technicians can repair even the most badly damaged units to the highest standards.

Our mobile repair unit is available 24 hours a day, 7 days a week and is capable of repairing your unit on site thus saving on your transportation costs.

Not only can CTS repair your fleet damaged ISO containers, we can test them too. We are proud to have one of only a few fully functional ISO Container Test Rigs in the whole of North America and it is available for your testing requirements.

Other ISO Container Services Include:

11 acre Container Storage Facility
Fleet Management Services
New Build & Modification Services
Extensive Sales & Rental Fleet

Your ONE STOP SHOP for Containers.
