

CTS Container & Trailer Services Ltd.

Offshore Fleet – Garbage Skips

At CTS we understand the importance of protecting the environment and we have a range of Garbage Skips available to assist with your environmental efforts.

Our FEL Garbage Skips, like the one pictured here, come complete with secure lids, adjustable drainage settings and side pockets to ensure clean and safe handling. These units can be used for Recycling, Domestic and Cardboard waste.

Our Cargo Skips with their Dual Purpose capabilities can help save valuable deck space. Because of their open top design, they can be utilised for general cargo on the outward trip and filled with waste for the inward journey, all secured by numerous tie-down points and a retaining net or tarpaulin. We also have a number of these units fitted with side doors for easy loading of palletised cargo.

Available Units:

| Type | Size (L x W x H) | Payload |
|----------------------|------------------|-----------|
| FEL Garbage Skip | 6ft x 5ft x 5ft | 2,721 kgs |
| Cargo Skip | 8ft x 6ft x 4ft | 5,000 kgs |
| Cargo Skip c/w doors | 8ft x 6ft x 4ft | 5,000 kgs |

Every Offshore Container is designed and built by our very own team of engineers and CWB Certified Welders and tested to DNV2.7-1. These units are available for immediate hire from our Dartmouth, NS and Trinidad Depots.

Your ONE STOP SHOP for Containers.
