

CTS Container & Trailer Services Ltd.

Offshore Fleet – Half Height Containers

We offer a range of Half Height Containers suitable for many applications including the transportation of scaffolding and IBC Tanks.

Our 23' Half Height is wide enough internally to comfortably accept a full size 20' Half Height, ideal for safely shipping units which have fallen out of certification or containers which do not meet the standards or regulations called for in your sector.

All CTS Half Height Containers have numerous tie-down points for the secure sea fastening of important cargo. Because we have such an extensive range of units available, we will help you find the right container for your next project.

Available Units:

Type	Size	Payload
15ft Half Height	15ft x 8ft x 4ft	16,500 kgs
20ft Half Height	20ft x 8ft x 4ft	16,500 kgs
23ft Half Height	23ft x 9ft x 4ft	12,000 kgs
25ft Half Height	25ft x 8ft x 5ft	16,500 kgs

Every Offshore Container is designed and built by our very own team of engineers and CWB Certified Welders and tested to DNV2.7-1. These units are available for immediate hire from our Dartmouth, NS and Trinidad Depots.

Your ONE STOP SHOP for Containers.
