

# CTS Container & Trailer Services Ltd.

## *Offshore Fleet – Open Top Containers*

Like every unit in the CTS Fleet, our Open Top Containers are designed, tested and certified to the highest industry standards. These units are ideal for shipping unusual loads and come in a variety of sizes and weights. All Open Tops have numerous tie-down points to help secure cargo and eliminate displacement during transit.

Our 23' Open Top Containers boast a 12,000kg payload and are wide enough and high enough internally to accept the most awkward of materials or even a full size 20ft container.

### Available Units:

Type	Size (L x W x H)	Payload
Mini Open Top	6ft x 5ft x 8ft	4,500 kgs
Maxi Open Top	10ft x 8ft x 8ft	7550 kgs
23Ft Open Top	23ft x 9ft x 9ft	12,000 kgs

Every Offshore Container is designed and built by our very own team of engineers and CWB Certified Welders and tested to DNV2.7-1. These units are available for immediate hire from our Dartmouth, NS and Trinidad Depots.
